Winter days in the Arctic - just a two-hour flight from Oslo!

DAY 1:

We meet you at Kirkenes Airport and drive you to Jarfjordbotn, 25 km east of Kirkenes. During the transfer, we pass the Norwegian-Russian border station. On arrival at our resort, we serve a hot lunch in our idyllic restaurant, which is situated right down beside the fjord. All meals served at Arctic Adventure Resort comprise fresh local ingredients prepared in tasteful harmony combining local traditions and new ideas.

After lunch, it is time to commence our hunt for the majestic Northern Lights. The huskies are waiting outside in the Polar Night to take us up into the mountains and into the darkness. If we are lucky, the magical dance of the Northern Lights will illuminate the sky.

We serve a sumptuous three-course dinner on arrival back at the resort. You may enjoy the evening in the restaurant or around the fire in our lavvu (Sami herdsman's tent). Accommodation here at the resort is in a twin/double room or a gamme (turf hut).

DAY 2:

After a filling breakfast, the first activity on today's programme is a snowmobile safari, which offers a real Arctic adrenalin rush. This exciting excursion will take you across Mt Jarfjord towards the Russian border. We follow the border right to Norway's easternmost point, Grense Jakobselv, and the mighty Barents Sea.

After the snowmobile safari, we are ready for a fjord safari in our Zodiac RiB (rigid inflatable boat). As we wait with excitement, our diver enters the dark, icy waters in search of the King of the Sea. We can offer the group's bravest members a little Arctic spa. Dressed up in survival suits, you float round in the icy waters. When the diver brings the King crabs on board, it's up to you how close you dare to get! Hut tub and sauna awaits you back at the resort.

Before the evening's ultimate highlight, we share a multimedia presentation showing different photos and film clips of the King crab. Our King crab specialist will be happy to answer your questions. And then to conclude: a delicious three-course dinner featuring freshly boiled King crab caught hours earlier in your presence on our fjord safari!

DAY 3:

After breakfast, it's time to start making your way home. We drive you to the airport, wish you a safe trip home and look forward to welcoming you again soon!

ALTERNATIVE DAY 3:

After breakfast, we travel in our RiB right out to the mouth of the fjord where the fjord meets the mighty Barents Sea. The trip takes us through unspoilt and wild landscapes with a rich animal life. We hope for rough weather, as such conditions out at the mouth of the fjord are perfect for sea-rafting!

After an adrenalin rush at sea, we go ashore at a little lighthouse. Fierce battles were fought here during World War II. We have built a gamme above a German cannon bunker, where we serve lunch accompanied by some stories about the area. On arrival back at the resort, we serve a light dinner to round off your stay.

3-day winter programme

Period:
January – April

Duration:
3 days/2 nights

Scheduled trips:
None

Customised trips:
On request for groups

Prices:
From NOK 8090 per person (minimum 6 people).
The price depends on your desired programme and group size. Please contact us for a customised programme and quote.

Alternative experiences:

Accommodation at the snow hotel, Sami cultural experiences, cross-county skiing and snowshoeing excursions and cross-border tours to neighbouring cities in Russia

Courses and conferences:

We offer course and conference facilities with all necessary equipment, professional service and assistance with arrangements. We have capacity for up to 70 people. We can fit meetings, courses and conferences into exciting programmes which meet our guest's requirements. Please contact us for a customised programme.

Welcome to unforgettable winter days in the Arctic!
